

SHUAIB KHAN

Full Stack Web Developer | AI Engineer | Web3 Developer

ISLAMABAD, PAKISTAN | +92 348 1921015 | SKHAN.CSIT@GMAIL.COM | [LINKEDIN](#) | [GITHUB](#)

PROFILE SUMMARY

Full Stack Developer with 3+ years of experience designing and shipping scalable, SEO-optimized web applications using React.js, Next.js, Node.js, and CMS platforms (WordPress, Strapi, Magento). Skilled in frontend architecture, REST/GraphQL API integration, performance optimization, and technical SEO for production systems. Currently expanding into AI Engineering, building LLM-powered applications, AI agents, and Retrieval-Augmented Generation (RAG) systems, alongside hands-on experience in Web3 development with Solidity and Ethereum tooling. Combines strong software engineering fundamentals with emerging AI and blockchain expertise to deliver intelligent, future-ready products.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS, TailwindCSS, Bootstrap

Backend: Node.js, Express.js, REST APIs, GraphQL

Database: MongoDB, MySQL, Redis, Prisma

CMS Platforms: WordPress, Magento, Strapi, GoHighLevel

AI Engineering: LLM Application Development, Prompt Engineering, AI Agents & Agentic Workflows, RAG Pipelines, OpenAI / Anthropic APIs, LangChain, Vector Databases (Pinecone, Chroma), Python

Web3 Development: Solidity, Ethereum, Web3.js, Ethers.js, Truffle, Hardhat, Remix IDE, MetaMask, Smart Contract Deployment

SEO & Performance: On-Page & Technical SEO, Metadata Optimization, Structured Data (JSON-LD), Sitemap & Robots.txt Configuration, Core Web Vitals, SSR/SSG/ISR with Next.js

Tools: Git, GitHub, Bitbucket, Postman

PROFESSIONAL EXPERIENCE

United Sol – Full Stack Developer Dec 2024 – Present | Pakistan Islamabad

- Developed and maintained production web applications using React.js, Next.js, and TypeScript, improving load performance and code maintainability.
- Built and customized CMS-driven systems on Strapi and Magento to support scalable content and e-commerce workflows.
- Integrated REST APIs to connect frontend interfaces with backend services, ensuring reliable data flow across applications.
- Customized WordPress themes and UI components to enhance user experience and site performance.
- Collaborated cross-functionally to ship production-ready features on schedule.

K2X Tech – Frontend Developer Mar 2024 – Nov 2024 | Pakistan Peshawar

- Built responsive, reusable UI components in React.js, reducing development time on subsequent features.

- Integrated REST APIs to power dynamic, real-time data rendering across client applications.
- Refactored frontend architecture to improve code reusability and maintainability.
- Partnered with backend teams to design and implement clean API integrations.
- Ensured cross-device, cross-browser responsive design consistency.

Rozi Academy — Web Developer Aug 2023 – Mar 2024 | Rawalpindi, Pakistan

- Developed internal dashboards and web applications to support business operations.
 - Customized GoHighLevel CRM to automate workflows and reduce manual processes.
 - Improved UI/UX across existing web platforms based on usability feedback.
 - Debugged frontend issues and optimized application performance.
-

PROJECT EXPERIENCE

- **E-Commerce Dashboard:** Built a React + Next.js admin dashboard with REST API integration and reusable UI components for managing product, order, and customer data.
 - **CMS-Based Websites:** Developed and customized multiple production websites using WordPress, Strapi, and Magento with tailored features for clients.
 - **Admin Panel Systems:** Built responsive internal admin panels for business operations, including data visualization and role-based access.
 - **AI Agent Prototypes:** Designing and building AI agent workflows and LLM-integrated tools to automate tasks and enhance application intelligence (ongoing learning track).
 - **Web3 dApps:** Built and deployed Solidity smart contracts on testnets, including decentralized applications (dApps) with wallet connection and on-chain interactions via Ethers.js/Web3.js.
-

CORE STRENGTHS

- Frontend Development & UI Implementation
 - API Integration & Debugging
 - CMS Development & Customization
 - Problem Solving in Production Environments
 - AI Agents & LLM Integrations
 - Clean, Maintainable, and Scalable Code Practices
-

EDUCATION

BS, Computer Science – UET Peshawar

Pakistan, Peshawar | Sep 2019 – Jul 2023

FSC, Engineering – Higher Secondary School

Pakistan, Swat | Jan 2017 – Feb 2019

LANGUAGES

English, Urdu, Pushto
